List of Semiconductor Engineer Occupations (excerpt from the Japan Standard Occupational Classification (Rev. 5th, December 2009))

07 Manufacturing engineers (development)

072: Electrical, electronic, telecommunications engineers (except communication network engineers) (development)

- · Electrical design engineers
- · Electromechanical design engineers
- Power engineers (development)
- Integrated circuit product engineers (development)
- Electrical testing engineers (development)
- · Substation engineers (development)
- LSI development engineers
- Power supply engineers (development)
- · Control panel design engineers
- · Rectifier design engineers
- · Circuit design engineers

073: Machinery engineers (development)

- · Mechanical design engineers
- Tool design engineers
- · Machine mold design engineers
- · Plant design engineers
- Machine tool engineers (development)
- Metal machinery technicians (development)
- · Sawmill machinery engineers (development)
- · Precision machinery engineers (development)
- · Mechanical industry engineers (development)

076: Metal engineers (development)

- Ironmaking engineers (development)
- Steelmaking engineers (development)
- · Copper smelting engineers (development)
- Aluminum smelting engineers (development)
- Metallurgical engineers (except development)
- Foundry engineers (development)
- Forging engineers (development)
- Metal smelting engineers (development)
- Electrolytic refining engineers (development)
- Electric furnace operators (development)
- Metal smelting engineers (by electrolysis, electric furnace, etc.) (development)
- · Electrochemical engineers (metal processing) (development)
- · Heat treatment engineers (metal smelting) (development)
- Casting engineers (development)
- Alloy engineers (development)
- Rolling engineers (development)

- Metal testing engineers (development)
- Metal materials testing engineers (development)

077: Chemical engineers (development)

- · Industrial chemical engineers (development)
- · Electrochemical engineers (alumina production) (development)
- Ammonia synthesis engineers (development)
- Soda industry engineers (development)
- · Phosphoric acid production chemical engineers (development)
- · Oil and fat chemical engineers (development)
- Wood chemical industry engineers (development)
- Petroleum refining engineers (development)
- Polymer chemical engineers (development)
- Non-metal refining engineers (development)

08 Manufacturing engineers (except development)

082: Electrical, electronic, telecommunications engineers (except communication network engineers) (except development)

- · Electronic tube manufacturing engineers
- · Electrical machinery engineers (except development)
- Electrical engineers (except development)
- · Semiconductor product manufacturing engineers
- Electricity technicians (except development)
- · Precision measuring instrument technicians (electrical) (except development)
- · Integrated circuit product engineers (except development)
- Electrical testing engineers (except development)
- · Chief electrical engineers
- Substation engineers (except development)
- · Electronic computer manufacturing engineers
- Power supply engineers (except development)
- · Electric work engineers
- · Weak electrical system engineers
- · High-voltage electrical work engineers

083: Machinery engineers (except development)

- Mechanical layout engineers
- · Weighing instrument manufacturing engineers
- Machine construction engineers
- Machine tool assembly technicians
- · Machine tool engineers (except development)
- Mechanical engineering instructors
- Metal machinery technicians (except development)
- Sawmill machinery engineers (except development)
- · Precision machinery engineers (except development)
- Professional engineers (machines)
- Mechanical industrial engineers (except development)

086: Metal engineers (except development)

- Ironmaking engineers (except development)
- · Steelmaking engineers (except development)
- · Copper smelting engineers (except development)
- · Aluminum smelting engineers (except development)
- Metallurgical engineers (except development)
- Foundry engineers (except development)
- Casting and forging engineers (except development)
- Metal refining engineers (except development)
- · Electrolytic refining engineers (except development)
- Electric furnace operators (except development)
- Metal smelting engineers (by electrolysis, electric furnace, etc.) (except development)
- Electrochemical engineers (metal processing) (except development)
- · Heat treatment engineers (metal smelting) (except development)
- · Casting engineers (except development)
- Alloy engineers (except development)
- · Rolling engineers (except development)
- Metal testing engineers (except development)
- · Professional engineers (metals)
- Metal materials testing engineers (except development)

087: Chemistry engineers (except development)

- Industrial chemical engineers (except development)
- · Professional engineers (chemicals)
- · Electrochemical engineers (alumina production) (except development)
- · Chemical product manufacturing engineers
- · Inorganic chemical product manufacturing engineers
- · Ammonia synthesis engineers (except development)
- · Sulfuric acid manufacturing engineers
- · Nitric acid_manufacturing engineers
- Soda industry engineers (except development)
- · Methanol manufacturing engineers
- · Phosphoric acid manufacturing chemical engineers (except development)
- · Activated carbon manufacturing engineers
- · Carbide manufacturing engineers
- · Oil and fat chemical engineers (except development)
- · Paint manufacturing engineers
- · Synthetic rubber manufacturing engineers
- · Chemical analysis testing engineers (except development)
- Explosives manufacturing engineers
- · Explosives control officer
- Chief gas engineers
- · Petroleum refining engineers (except development)

	Plastics manufacturing engineers			
 Plastic product manufacturing engineers Polymer chemical engineers (except development) 				
	· Poisonous and deleterious substance control officer			
24 Other specialist	249: Specialist professionals not classified elsewhere			
professionals	Interpreters			

半導体関連エンジニア職業の例示について(日本標準職業分類における例示)

07 製造技術者(開発)

072: 電気・電子・電気通信技術者(通信ネットワーク技術者を除く) (開発)

電気設計技術員、電気機械設計技術者、電力技術員(開発)、集積回路製品技術者(開発)、電気試験技術者(開発)、変電技術者(開発)、LSI開発技術者、給電技術者(開発)、制御盤設計技術者、整流器設計技術者、回路設計技術者

073: 機械技術者(開発)

機械設計技術者、工具設計技術者、機械金型設計技術者、プラント設計技術者、機械工作技術者(開発)、金属機械技術員(開発)、製材機械技術者(開発)、精密機械技術者(開発)、機械工業技術者(開発)、

076: 金属技術者 (開発)

製鉄技術者(開発)、製鋼技術者(開発)、銅精錬技術者(開発)、アルミニウム精錬技師 (開発)や(冶)金技術者(開発)、鋳物技術者(開発)、鍛造技術者(開発)、金属 精錬技術者(開発)、電気製錬技術者(開発)、電解炉操炉技術者(開発)、金属製錬技 術者(電気分解・電気炉などによるもの)(開発)、電気化学技術者(金属製造処理)(開発)、熱処理技術者(金属製錬)(開発)、鋳造技術者(開発)、合金技術者(開発)、 圧延技術者(開発)、金属試験技術者(開発)、金属材料試験技術者(開発)

077: 化学技術者 (開発)

工業化学技術者(開発)、電気化学技術者(アルミナ製造)(開発)、アンモニア合成技術者(開発)、ソーダ工業技術者(開発)、りん酸製造化学技術者(開発)、油脂化学技術者(開発)、木材化学工業技術者(開発)、石油精製技術者(開発)、高分子化学技術者(開発)、非金属精製技術者(開発)

08 製造技術者(開発を除く)

082: 電気・電子・電気通信技術者(通信ネットワーク技術者を除く)(開発除く)電子管製造技術者、電気機械技術者(開発を除く)、電気技術者(開発を除く)、半導体製品製造技術者、電力技術員(開発を除く)、精密測定器技術者(電気式)(開発を除く)、集積回路製品技術者(開発を除く)、電気試験技術者(開発を除く)、電気主任技術者、変電技術者(開発を除く)、電子計算機製造技術者、給電技術者(開発を除く)、電気工事技術者、弱電工事技術者、高圧電気工事技術者

083: 機械技術者(開発除く)

機械配置技術者、衡器製作技術者、造機工務技術者、工作機械組立技術員、機械工作技術者(開発を除く)、機械技術指導員、金属機械技術員(開発を除く)、製材機械技術者(開発を除く)、機械技術士、機械工業技術者(開発を除く)

086: 金属技術者 (開発除く)

製鉄技術者(開発を除く)、製鋼技術者(開発を除く)、銅精錬技術者(開発を除く)、アルミ

二ウム精錬技師(開発を除く)や(冶)金技術者(開発を除く)、鋳物技術者(開発を除く)、 鋳鍛造技術者(開発を除く)、金属精錬技術者(開発を除く)、電気製錬技術者(開発を除く)、電解炉操炉技術者(開発を除く)、金属製錬技術者(電気分解・電気炉などによるもの)(開発を除く)、電気化学技術者(金属製造処理)(開発を除く)、熱処理技術者(金属製錬)(開発を除く)、鋳造技術者(開発を除く)、合金技術者(開発を除く)、圧延技術者(開発を除く)、金属試験技術者(開発を除く)、金属技術士、金属材料試験技術者(開発を除く)

087: 化学技術者(開発除く)

工業化学技術者(開発を除く)、化学技術士、電気化学技術者(アルミナ製造)(開発を除く)、化学薬品製造技術者、無機薬品製造技術者、アンモニア合成技術者(開発を除く)、硫酸製造技術者、硝酸製造技術者、ソーダ工業技術者(開発を除く)、メタノール製造技術者、りん酸製造化学技術者(開発を除く)、活性炭製造技術者、カーバイド製造技術者、油脂化学技術者(開発を除く)、塗料製造技術者、合成ゴム製造技術者、薬品分析試験技術者(開発を除

- く)、火薬製造技術者、火薬類取扱責任者、ガス主任技術者、石油精製技術者(開発を除
- く)、プラスチック製造技術者、プラスチック製品製造技術者、高分子化学技術者(開発を除く)、 非金属精製技術者(開発を除く)、毒物・劇物取扱責任者

24 その他の専門的 職業従事者

249: 他に分類されない専門的職業従事者
